

Position	Name	Affiliation	Job title	Chrono-Nutrition	Chrono-kinematics	Sleep Science	Others	Research Area	Research Keywords	
Adviser	Shigenobu Shibata	Graduate Sch. of Biomedical and Health Sciences, Hiroshima University	Specialty Appointed Professor (Full time)	●	●	●	Chrono-resting		Chrono-nutrition food, Life stage chrono-nutrition, Interaction of chrono-nutrition and -exercise	<a href="#">LINK</a>
President	Katsutaka Oishi	National Institute of Advanced Industrial Science and Technology (AIST)	Group leader	●	●	●			Sleep, Metabolic disease, Thrombosis	<a href="#">LINK</a>
Vice-president	Hideaki Oike	National Agriculture and Food Research Organization (NARO)	Principal Scientist	●				Health Science	Aging, Functional Food, Clock Genes, Hearing	<a href="#">LINK</a>
	Narumi Nagai	School of Human Science and Environment, University of Hyogo	Professor	●				Nutritional physiology, Nutrition education	Shift work, Women's health, Nutrition intervention	<a href="#">LINK</a>
	Shinobu Yasuo	Faculty of Agriculture, Kyushu University	Professor	●					Functional food factor, Mouse, Neurobehavioral biology	<a href="#">LINK</a>
Board member (Auditor)	Takahiro Yoshizaki	Toyo University	Associate Professor	●				Applied Health Science	Nutritional epidemiology, irregular daily routine (irregular lifestyle), sleep/wake cycle	<a href="#">LINK</a>
Board member	Shinya Aoyama	Suntory Global Innovation Center Limited	Researcher	●					Skeletal muscle, Circadian clock	
	Hitomi Ogata	Graduate School of Humanities and Social Sciences, Hiroshima University	Associate Professor	●	●	●		Sports Nutrition	Timing, Elements of health, Health support	<a href="#">LINK</a>
	Hiroaki Oda	Lab. Nutr. Biochem. Nagoya University	Associate Professor	●				Nutritional Biochemistoy	Breakfast, Clock genes, Lipid metabolism	<a href="#">LINK</a>
	Tetsuya Shiuchi	Department of Physiology, Tokushima University Graduate School of Medical Sciences	Associate Professor	●	●	●			Energy Metabolism, Hypothalamus, Physiology	<a href="#">LINK</a>
	Kazuko Ishikawa-Takata	Faculty of Applied Bio-Science, Tokyo University of Agriculture	Professor	●				Nutritonal physiology, Sports Nutrition	Energy metabolism, Protein metabolism, Sports nutrition	
	Masaki Takahashi	Tokyo Institute of Technology , Institute for Liberal Arts	Associate Professor	●	●				Glucose metabolism, Functional food, Chrono-exercise	
	Sawako Tasumi	The University of Shiga Prefecture, School of Human Calutures	Professor	●					Circadian rhythm, Chronic kidney disease, Mineral metabolism	
	Yu Tahara	Graduate School of Biomedical and Health Sciences, Hiroshima University	Associate Professor	●	●	●	Chronobiology	Physiology, Health Science, Public Health	Food-log App, Human/anima/cell culture experiment, Translational study	<a href="#">LINK</a>
	Kumpei Tokuyama	International Institute for Integrative Sleep Medicine (WPI-IIS), University of Tsukuba	Professor	●	●	●		Nutritonal Physiology	Whole room indirect calorimetry, Sleeping energy metabolism	<a href="#">LINK</a>
	Yoko Yamashita	Graduate School of Agricultural Science, Kobe University	Associate Professor	●					Associate Professor	
Tomomi Yamazaki	Research Center for Medicinal Plant Resources National Institute of Health and Nutrition	Chief Researcher	●					Molecular Biology, Nutrition, Metabolism
